Online Auction Services By:

The TBHA will assist in locating and arranging trucking/shipping as necessary.

Please call 615-854-6332 for assistance.

The TBHA was founded in April, of 2020 and has grown like none other. The TBHA started out with hopes and dreams that one day we could promote and bring awareness of this powerful breed of cattle. Our association now consists of 45 Breeders across 15 States. Our goal when we established the TENNESSEE BLACK HEREFORD ASSOCIATION was to give all of our members a launching place to market their cattle, and to bring awareness of our wonderful breed, that we all love. Our members have come together to offer their best for your appraisal, come out and enjoy a great time in fellowship with our Black Hereford family; where you could become our next member. Thank you in advance.

Scotty Barrett – TBHA President

Sale Terms & Conditions

Payment

Cash is preferred but checks will be accepted with proper ID. Settlement should be made promptly with the cashier at the close of sale. Any checks returned for nonpayment will be pursued legally for payment. Cattle will not be transferred until paid in full.

Bidding

All buyer numbers will be issued with a valid ID.

After an animal is in the sale ring, it will be sold to the highest bidder. The auctioneer will settle all disputes relative to bids. Any “no-sales” must be called before the animal leaves the sale ring.

Any correction given from the auction box on sale day will be considered the same as though printed in this sale catalog.

Registrations/Transfers

All animals will be transferred by the Tennessee Black Hereford Association (transfer fees included in sale flat rate commission) to the buyer per instructions given to sale clerks. Proper breeding statements will be given when transfers are made.

Loadout & Delivery

Cattle are available for load out as soon as the sale has concluded and settlement has been made. Please check your settlement sheet with the owner or other sale representative to be sure you have the correct animal.

Delivery is the buyer's responsibility, but all consignors will assist with delivery if possible.

Health/Guarantee

Health papers will be furnished for interstate shipment. All animals have been tested as required to meet health regulations of the state of Tennessee. Each animal sells fully guaranteed under the Suggested Sale Terms & Conditions of the American Black Hereford Association and shall be accompanied by an official certificate of registry.

All animals of breeding age are guaranteed breeders. All untried animals are guaranteed to be without known defects, but nothing further. Animals failing to breed after a trial of six months may be returned to the farm of the seller, in good condition. The seller reserves the right to try said animal for six months and if it proves to be a breeder, to return it to the buyer at his expense. If the animal proves to be a non-breeder, satisfactory exchange will be made or purchase price refunded.

All bulls will have passed a breeding soundness exam performed by a veterinarian within 30 days of sale day. Each animal will be at the purchaser's risk as soon as sold and can be moved after the settlement has been made. Other guarantees or considerations than the above will be considered on the basis of accepted policies and practices recommended by the American Black Hereford Association. TBHA acts only as agents between buyer and seller, any guarantees will strictly be handled between seller and buyer.

Liability

It is understood that the Tennessee Black Hereford Association will not in any way whatsoever be responsible for injury, accidents to animals, consignors, purchasers or visitors who attend this show and sale nor for any accidents that might happen prior to or after the show and sale. Acting as the sales manager, the Tennessee Black Hereford Association acts only as an agent for the sellers and has no responsibilities other than those involved in conducting the sale.

1 JCR'S HR BEAST CAT ET 004

HB010941 JO CHBH LCR HIGH ROLLER 7D ET / HB008795 JMCC VCF MS CAT 1217 6105 ET

BD: 3/03/2020 REG. #: HB018066 85.75% HB

APPROVED HERD SIRE - We mated MS CAT with High Roller. If you're wanting consistency in your herd this is the bull. High Roller has been producing cookie cutter calves by adding excellent length and growth. High Roller and Cat have proven genetics on the ground. This mating will not disappoint. Take him home he's ready to work.

BD: 10/24/2019 REG. #: HB018197 79.25% HB

APPROVED HERD SIRE - HOMO BLACK A traditional looking Hereford bull. In a commercial setting Bubba will produce that black baldy that the markets love. For the Black Hereford breeders, Bubba has a strong JN Balder influence with 9622 on top and 1905 on the bottom. Thick from head to tail. Bubba would make a great herd bull or college line-backer. He has been dehorned.

GUYBRO RRF PATRIOT C5106 / GUYBRO L1F1 Ribeye B184

APPROVED HERD SIRE - HOMO BLACK If you are looking for a heifer specialist, this HOMOZYGOUS BLACK BULL will fit the bill. We used him on a small set of 4 commercial heifers last year and the calves came out light and hit the ground growing. Brady G4 possesses a very balanced EPD profile with a powerful build that is situated on a moderate frame. His Dam is one of our best producing F1 cows and his homozygous black sire, GUYBRO RRF PATRIOT C5106, has a great genetic pedigree that traces back to the Felton program on both sides. Keep an eye on this one if you are looking for a young, yet proven bull that would be acceptable to use on heifers and cows alike, while always giving you those black hided calves!

Dam

PACKAGE OF 3 EMBRYOS - This impressive embryo package is sired by ABHA EPD trait leader, Jo Thunderstruck 5127. His progeny has a very impressive BW to WW to YW spread! He throws low BW calves with explosive growth once they hit the ground. The birthweights from these embryos have ranged between 58-75 pounds on our farm. The Dam of this package is the legendary JN Baldee 918. She possesses the bone, volume and capacity that exemplifies what a production brood cow should be. She has top notch maternal traits and is easy fleshing with an ideal phenotype. The progeny from this mating WILL BE HOMOZYGOUS BLACK, polled and have a 50% chance of being homozygous polled. The bull and heifer progeny from this package have proven to be outstanding. We believe this mating to be an excellent addition or building block to any cattle operation. The proven combination of calving ease, explosive growth and maternal traits of this mating are second to none! The progeny of this mating reports EPD's in the top 5% WW, top 10% YW and top 1% MK, will be 63.25% Hereford, Polled and Homozygous Black! We guarantee one live pregnancy with this package of 3 embryos offered for sale, if the ET work is performed by a licensed embryologist.

Looking for a front pasture cow.... Look no further!! We have selected this daughter of K-L Lassie Joyful P12 to support the TBHA inaugural sale. She is in the prime of her life poised to enhance the Hereford genetic base of any operation. She has been exposed and will sell safe to GFF Johnny Cash (HB017787) with a projected calving date of March 2022. The result of this mating will be a black 87% calf that will be sure to turn heads either in the pasture or in the show ring next fall.

LAYLA has done a fine job in the show ring for us. She is now ready to shine, with the longevity of her dam in our herd, we know LAYLA will perform her duties as a brood cow. She's bred to our outstanding herd sire. The calf will be 83.85% and stands a great chance of being homozygous black and polled. She is the current Grand Champion heifer at the Wilson Agribition and the 4-H state show this year.

51 WP IN FOCUS H048

HUTH A014 Leader F028 (P43940511) / LLF Elegance 943 (17676100)

BD:

Consigner: Winters Plantation

The first of (2) exceptional F1 bull prospects sired by our elite herd sire F028 (Mandate x 3027) which we purchased from Huth Herefords in Oakfield, Wisconsin. This young bull would make an excellent addition to any herd to help add growth (sire is top 2% in WW and 4% in YW), while still maintaining a SAFE calf size (sire is top 23% in CE), and backed by legendary cow families (Sitz Alliance 6595 x Mytty in Focus) on the dam side. This cow family has been in our herd for (8) years and has produced progeny with great feet and dispositions. His sire ranks in the top 30% of (12) EPD categories and the top 4% in (5) categories! Use this bull as a balanced option on your herd to create those baldy calves the beef market loves.

52 WP ALLIANCE H059

HUTH A014 LEADER F028 / Rathbun Elegance P700 (14857434)

This fantastic young bull is a 3/4 full brother to the H048 offering we also have in the sale. Sired by F028 our exceptional herd sire purchased from Huth Herefords and out of a direct Sitz Alliance 6595 cow raised by Rathbun Angus this young bull is ready to make his imprint on your herd. This bull's genetics should provide an ideal amount of frame to his progeny and he is about as docile as they come. His dam had the best feet of any cow in our program EVER and although we had to move on from her this past spring at the ripe old age of 17, her daughters and grand daughters are still active in the herd. If black baldy calves with good frame size, great feet and legs, and perfect dispositions is what you're after don't let this guy pass you by.
